Special Checking Account for Non-Profit Organizations Introduced by Mission Community Bank

(*San Luis Obispo, CA*) – Mission Community Bank today introduced a checking account specifically for local non-profit organizations, paying a very high interest rate. Community Club Non-Profit Checking was designed to fit the needs of non-profits to minimize costs and maximize the earning potential for their funds.

“Mission Community Bank has a rich history of supporting local non-profit organizations,” said Anita Robinson, CEO of Mission Community Bank. “This new Community Club Non-Profit Checking currently pays 3.00% annual percentage yield on all funds in the account, which is much better than non-profits may be able to earn on certificates of deposit.”

Community Club Non-Profit Checking is a free checking account, with no monthly service charge and no minimum balance requirement. In addition to paying a very high interest rate, the account offers free Community Club checks, unlimited check writing and free online banking services. The account is available to most 501(c) non-profit organizations, and to homeowners associations.

Mission Community Bank is a locally owned and operated community bank with offices in Arroyo Grande, San Luis Obispo, Paso Robles, a Business Banking Center in San Luis Obispo and a new branch office in Santa Maria to open in 2008. The bank has received several awards for its success in meeting community needs in small business lending and development banking services, has earned an Outstanding rating for its Community Reinvestment Act (CRA) activities, and is an Small Business Administration (SBA) Preferred Lender.
